Lina Trent "Retires" As Teacher; Names Next Year's Instructors

Lina Trent, teacher and director of "Lina's Twirlers" for the past seven years is "retiring" from her teaching position, at the ripe old age of seventeen. She is the daughter of Mr. and Mrs. T. M. Trent. Appomattox.

Lina, a rising senior at Appomattox High, says that studies at high school, plus the busy life of a senior, will not permit her to continue teaching the thirty or more young twirlers she has coached this year.

In a final speech to the classes of twirlers on May 18 Lina bandied over her teaching duties to Anne Hencell and Pam Martin, the two assistants who have helped with instruction this year.

To mark the last day of class, Lina did an exhibition routine. She was dressed in a bright red costume with red crown on her head. This routine, she explained, earned her the Senior Twirling Medal at the recent "Miss Majorette" competition at Vienna, Va.

Other students performed routines for mothers and other visitors. Many of the twirlers dressed in their "Twirlarama" costumes.

The day's program included the presentation of medals to each twirler, plus perfect attendance pins, and special recognition gifts to three senior twirlers who helped to coach the "Juniors": Kitty Simpson, Jane Guill, and Freda Jones. Lina presented golden trophies to her two assistants of this year and wished them well in their classes next fall. Lina also recognized Kathy Paulette, who had to drop out of class because of poor health.

Anne Hencell and Pam Martin, on behalf of all the twirlers, presented gifts to Lina and Mrs.

Marvin Harris Wins FFA Award

Marvin Harris, an Appomattox High School junior, has won first place in farm mechanics among members of the Future Farmers of America in Southside Area. Harris, 18, is the son of Mr. and Mrs. Richard Harris, Spout Spring.

Young Harris' work in farm mechanics was scored in comparison with that of applicants from fifteen Southside Virginia counties. The scoring was based on the quality and scope of the student's work in farm mechanics while enrolled in vocational agriculture.

Some of the items constructed by Harris are a post hole digger, welding table, and farm trailer. He has made repairs to numerous farm machines and assisted his father in maintaining farm equipment. Three of his construction projects have been exhibited at fairs and shows, each receiving a first place award.

Harris' accomplishments will be considered along with those of other winners for the state award. Announcemnt of the state winner will be made during the State FFA Convention at Blacksburg June 15-18.
